FLOUR-The market during the early part of the week ruled decidedly dull for State brands, and one small lot changed hands on Friday at \$5 for superfine ;-it continued to rule quiet up to Wednesday, when quotations went up, and a sale was made at \$5 50 for superfine. The receipts for the past week have been meagre, both per river and railroad, and the stock in first hands has become considerably reduced; to this fact may be mainly attributed the above advance, as the advices from other markets do not warrant it. The demand from retailers is limited, and confined to quantities sufficient to meet their immediate wants. See

Received on Saturday last 10.670 bushels, 1.950 of which went into store, and 8,720 sold at 55 cents & bushel. There is a heavy stock at present in dealers' hands, and the market closes dull at 55 cents.-OATS-Are in good stock, and we notice merely a retail demand; no receipts. A lot of 110 bushels sold on Saturday at \$1 371 @ bushel .- PEAS - The market rules active for all descriptions, and supply unusually light; receipts for some time past have been confined to small parcels, which bring high figures. We quote Cow firm at \$1 10 a \$1 20 3 bushel, according to quantity and quality. - RICE-In the rough article we can hear of no transactions. We learn that 75 cents has been offered, but planters generally refuse this price, and are holding higher. The stock of clean in store is heavy, and the market rules dull. Sales only in the small way at 3 to 34 cents # fb., as in quality .-- WHEAT -One or two small lots received, but no sales. We quote

nominally at \$1 for red, and \$1 15 for white. HAY-The arrivals have been small for some weeks past, and in consequence the supply in dealers hands has become somewhat reduced. Molasses-The stock of Cuba on market is quite light, and confined to small lots in retailers' hands; we learn, however, that one or two cargoes are now daily looked for. See table

POTATOES-The market is overstocked with Irish, and rules very dull. One or two lots have changed hands from wharf during the week on terms not made public-but believed at rates below quotations. We quote from store at \$2 75 to \$3 25 \$2 bushel. Sweet have arrived rather more freely, and with a moderate demand prices remain unchangd. We quote at 60 to 75 tents 7 bushel, as in quality.

Some small lots have been brought in and sold at 12 a 13 cents for hog round, and 14 a 15 cents for hams-lowest figures being about the mark. The stock of Western cured is heavy, and in the absence of the usual demand the market rules decidedly dull. We continue former quotations-10 a 101 cents for shoulders, and 11 a 111 cents for sides, as in quality-at which only small sales have taken place .- LARD-The demand is limited to parcels for retailing purposes, and stock on market fully sufficient We quote small transactions in N.
